Recommendation for Magnus Christoffersen

Magnus Christoffersen has been a member of Improv For The People since 2019 and I have had the joy to observe his growth as an improvisational actor.

Magnus understands the fundamentals of improvisation and has demonstrated a dedicated work ethic which contributed to a fun and professional working environment among his fellow improvisers.

As his teacher I was proud to watch him perform improv live at Improv for the People for paying, sold-out audiences in Los Angeles. Recently I worked on a short film with Magnus in which he demonstrated that he can apply the tools of improv in front of a camera as well.

I am excited and thrilled to watch Magnus' growth as an actor, comedian and artist and I will encourage everyone to support Magnus on his artistic journey so he has an opportunity to share his art with audiences around the world.

It is with utmost pleasure that I sign this recommendation for Magnus Christoffersen.
